TECHNICAL SKILLS

❖ Programming Languages/Technologies/Frameworks&Environment:

- Javascript, SQL, HTML, CSS.
- Visual Studio Code, SQLite, GitHub, Burp Suite.
- ReactJS, NodeJS, NextJS, REST APIs, Ethical Hacking

TECHNICAL EXPERIENCE

❖ Tech Lingo, Changers Tech with endorsement from Spotify Okt 2023 — Nov 2023 Stockholm

Attained unique insights into the tech industry through an intensive six-week program. Explored AI, networked with industry leaders, and gained behind-the-scenes insights of tech companies, benefiting from Spotify's endorsement and partnership.

❖ Business Development Intern, Digital Kontakt Jan 2024 — Mar 2024 Stockholm

- Identify partnership opportunities and conduct market analysis.
- Develop business strategies and research industry trends.
- Analyze competitor offerings and support go-to-market plans.

PERSONAL PROJECTS

❖ React-Progress-Form

This React form allows users to input personal info, select a gaming console, and add-ons. It includes validation, dynamic buttons, and a progress bar. Built with functional components, React hooks, and local storage for user selections.
